Good Price For Weed

The Winchester Sun, in its report of the sales there this week, had the following item concerning the tobacco crop of one of our farmers:

"Col. John Mize, of Powell county, who brought down a crop of tobacco, was greatly surprised to receive an average of over 13 cents. He knew that he had a fair crop but it proved to him that Powell county land can produce some fine light leaf tobacco, the kind that commands the highest price now, and he said he would urge the farmers of his section to plant more tobacco this year on land that was heretofore thought would not produce the weed."

Mr. Mize is one of the best farmers in Powell county and has a good piece of land on Hardwicks Creek, where, in addition to the regular farm crops, he raises ginseng and golden seal.

Buys Car of Hogs

D. R. Daniel bought a car of hogs in the county this week, about 200 head being delivered here Tuesday. The price paid was 6 cents.

Good Attendance At Sunday School

The great interest being taken in the Sunday School at the Christian church is very gratifying to the leaders. Last Sunday there was a total attendance of 156, the largest on record. Two classes, Mr. B. F. Kincaid's and Miss Hackworth's, tied for high honors, with 37 members in each.

EPWORTH LEAGUE.

Sunday, Jan. 30.
Leader, S. T. Carr; Subject, "The Great Foreign Missionaries;" Scripture Lesson, Cor. 8-16-22; Song 181; Silent prayer, closing with the Lord's Prayer in concert; Unfolding Life, Thomas Munniz; A New Power in the World, Mrs. J. P. Ringo; Song, Miss Kate Daniel; Rooted and Ground in Love, W. T. McGuire; Permanent Fruit, Mrs. E. D. Condee; Cooperation in Prayer, S. V. Larison.

Nephew of W. T. Adams Dies.

Judge W. T. Adams returned Tuesday from Madison county, where he had been at the bedside of his nephew, J. R. Langley. Mr. Langley, who had been ill with tuberculosis for the past two years, died Sunday afternoon. He was widely related in Madison, Clark and Powell counties, having been born near the mouth of Red River 45 years ago. He recently returned to his birthplace from Asheville, N. C., where he had gone for treatment.

A Young Democrat

Born, Jan. 25th, to the wife of Greenberry Puckett, a fine, big boy.

Dr. Irvn, the family physician attending, weighed him and he pulled the beam to fourteen and one-half pounds.

"Biggest thing to its age ever in this country!" exclaimed the Doctor.

"Certainly has put me to a lot of watchful waiting," said the daddy.

Then they promptly named the young man "Woodrow W. Adams."

"Mac" Has Big Eagle

J. W. McIntosh, the efficient bridge inspector for this division of the L. & N., is now the possessor of a handsome big eagle. The bird was shot in the wing by a farmer living near Maloney, and afterward captured. It measured a trifle over 7 feet from tip to tip, and is a splendid specimen. The bird attracted a great deal of attention while passing through a few days ago.

Votes For Women

Next Friday night, Feb. 4, the school. Literary societies will have an interesting debate, the subject being, "Resolved, that Women Should be Allowed to Vote." Those taking part in the debate are hunting up all available information and the discussion promises to be a good one.

Mrs. Milton Morehead

Mrs. Bertha Morehead died last Saturday at her home near Pilot View, after a short illness with pneumonia. She was the daughter of Mrs. S. K. Watts, of Clark county, and a grand daughter of Benjamin Hall, of Stanton. Besides her husband she is survived by three small children. The remains were interred Sunday in the family burying ground.

Eye Scalded

Sam Grooms, a pipe fitter employed at the Pearsite Works, suffered a severe injury to his right eye Tuesday morning.

While examining a valve, he had occasion to get underneath it and look up, and a lot of scalding water dropped into the eye. The injury is very painful, but it is not thought that the sight will be impaired.

Old Resident Ill

Jim Berry Strange, one the best known farmers in the neighborhood of Vaughns Mill, is reported to be seriously ill. Several days ago a horse kicked a nail down, the door striking Mr. Strange on the head, and he has not recovered from the effects of the injury as fast as his friends would like. It is likely that he will be taken to Lexington within a few days to undergo a thorough examination of his skull for a possible fracture. Mr. Strange is sixty-five years of age and this makes his condition more serious than it would be with a younger man.

Taking Special Course.

Mr. N. V. Rose was home over Sunday from Lexington, where he is taking a special course in Agriculture at State University. Virgil is one of our most up-to-date young farmers and his success in landing prizes for corn growing has been due to hard work and perseverance in addition to a study of the conditions necessary to produce good crops. Powell county would soon be one of the foremost in the State if we had a few more enterprising young men like Virgil.

Leasing For Oil

Mr. Joseph Mountz, of Hardwicks Creek, was in town Wednesday closing a deal for a lease of his land for oil and gas drilling. It is said that the two wells on the Jesse McKinney place are paying Mr. McKinney \$50 a day. Mr. Mountz expects drilling to commence on his place in about a month.

Music At School

Miss Jessie Stallard has opened a music studio at the city school and has put in a handsome new piano. The instrument will be used by the Literary societies at their meetings.

STANTON.

(By P. O. Derthick.)

D. R. Clark left Sunday for a business trip to Quicksand.

Lennie Crowe, our depot agent was ill with the grip Sunday and unable to attend his duties.

Wm. Scott was stricken with paralysis Friday, but is some better now.

Milt Lykins moved his family last week to Quicksand, where he is in the goods business.

Ben Creed arrived home from Wisconsin last week after working there for several months.

Miss Margaret Mansfield is seriously ill with grip and threatened with pneumonia.

Messrs. Fred Blackburn, R. C. Hall and Dr. Lemming attended court at Winchester Monday.

Richard Crowe left Friday for Kimberlin Heights, Tenn., to resume his studies at the Bible College there.

Mrs. T. C. Fuller and son, of Lexington, and Mrs. Vic Fuller, of Hazard, visited the family of E. H. Fuller during last week.

Russell, son of Mr. and Mrs. Henry Morris, is quite ill with pneumonia. Mr. Morris is just able to be out after a long illness.

Rev. Mr. McClure, who is attending Kentucky Wesleyan College at Winchester, preached at Rosslyn Sunday.

Mrs. Anna Blackburn, who is keeping house for her son, Colson and her sister, Minnie Contee, at Berea College, was home over Sunday.

Prof. Hanley filled his regular appointment at Nada Sunday and Prof. Richie preached a splendid sermon at the Presbyterian church here.

Misses Lillie Boone, Gladys Welch and Nora West have gone to Richmond to attend State Normal. They expect to secure State certificates.

Mirlin Knox, who fell out of a tree some days ago and sprained his foot very badly, is able to be around again with the aid of a cane.

Mrs. Florence Oldham was in Clay City the first of the week. She has moved from the Atkinson property to the rooms over the post office.

Mr. Sturdivant, of Slade, was badly cut in the face last Saturday night by Floyd Bryant, one of the men indicted last summer in connection with the killing of Munro Patton at Natural Bridge.

John Dunn stopped off here a few days ago to look after some oil interests. Stanton appears to be in the centre of the oil section, and some wells will probably be sunk near here soon.

Tom Knox, son of Dr. and Mrs. Lawrence Knox, of Nada, fell and broke his arm while practising on the horizontal bar at the gymnasium this week. Andrew McCormick also fell and bruised his face severely.

A. T. Stewart received a telegram Monday calling him to the bedside of his brother, Senator James E. Stewart, who was very ill at his home there, and who died Tuesday. Senator Stewart was elected last fall and was in attendance at the first day's session of the Senate when he took the oath of office and was given an indefinite leave of absence on account of his health. Senator Stewart was a prominent Baptist preacher.

Body Found

The body of Joe B. Bruner, who fell off a small boat and was drowned in an Arkansas river, several weeks ago, was found this week about a hundred miles from the scene of the accident. The remains will be shipped to Winchester for burial.

Mr. Bruner was well known in Clay City, having been in business here for some time, and he was also Town Marshal for four years. It was well known here that he could not swim although he often took great chances in the water. On one occasion he was rescued from drowning in the river here by Judge W. T. Adams.

THE TIMES.

A Democratic Newspaper

Eighteen Years Old

The Best Weekly in this Section.

M. P. O'Mara Editor

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

A HOME-MADE PAPER.

THURSDAY, JAN. 27, 1916

Among the many bills before the Legislature at the present session, there is, as usual, a number of "freak" ones, whose sponsors should have better sense than to present for the consideration of a body of men whose time is paid for by the State for the purpose of passing legislation that will be of benefit to the citizens. But there always was, and probably always will be, men sent to represent their districts whose only idea is to get their names to the front as the framers of a bill of some kind, and they have not the necessary common sense to see the needs of their constituents, nor yet to listen attentively to the discussion of bills introduced by others; and on which they could cast a vote.

A bill to be presented to the Legislature calling for the changing of the judicial district comprising Breathitt, Wolfe, Estill and Lee counties into two districts, is meeting with a lot of opposition. The idea is to make Breathitt and Wolfe into a new district, and Lee, Estill and Powell into another. It is understood that Democrats are making a fight for the change, while Republicans, who recently elected Judge J. P. Adams and Commonwealth's Attorney Kelly Kash, are striving against any change by which they would lose these men. The reason advanced for the change is the overcrowded docket, particularly in Breathitt where about 1,200 cases have been held over from previous courts. The change would not materially affect this county, as there is comparatively little business in the courts here, but we would be sorry to lose the services of Judge Shackelford, who will, we believe, be an excellent Judge.

All over the country the bootlegger is getting it hot. In almost every county they are being given fine and jail sentences as fast as they are caught, and in Winchester we notice that the Chief of Police and City Attorney are having warrants issued for perjury when a man gets on the stand in his own defence and perjures himself by denying receipt of any shipment. Then to cap it all, a bill is before the House to make bootlegging a felony, a second offence being punishable by a term in the penitentiary. This would be a good law and if enforced should act as a deterrent on those engaged in the business.

The editor of the Jackson Times is advertising a cash register for sale. Who ever heard of a country newspaper that needed a cash register, anyway?

Woman's Dream is True at Last.

She Knows why Multi-Millionaires Offer to Divide Fortunes.

To be a sufferer from nervous dyspepsia for ten years, and to bear all the tortures, mental and physical, that this all too common ailment brings, and then to find relief almost over night, is like having a happy dream come true.

But this was the delightful experience of Mrs. Margaret Hunter of 40 Eighteenth street, Newport, Ky. Mrs. Hunter, the wife of a well-known and highly successful real estate dealer in the Kentucky city, recently told of the long hoped for change in her life.

"For ten years," explained Mrs. Hunter, "I have suffered from nervous dyspepsia. When I read of the offers of multi-millionaires to divide their fortunes if they might be cured of this terribly distressful malady, I felt that in this way they most eloquently told of their sufferings, and I felt, too, that I would never be cured, because I had no millions to offer.

"I used all manner of remedies without avail. Even the strictest dieting did not help me materially. Food in any form was absolutely repellant at most times. But worst of all, of course was the constant nerve strain. I had all the symptoms that dyspepsia causes—headaches, backaches, and pains in the kidney regions, nausea, dizziness, sleeplessness, bad taste in my mouth, a coated tongue, forming of gas in my stomach and bloating, and I was in a generally run-down and thoroughly nervous condition. "And then came the joyful surprise. After the first few doses of Tanlac I was benefited. Now I am back to a normal condition, nerves quieted, restful sleep, and my food digesting as it should, and, of course, I am gaining strength daily.

"My husband, who has seen the splendid effect of Tanlac on me, has also taken it."

Tanlac, that inspired this intensely interesting story, big in importance to men and women everywhere, now is being introduced in Clay City by Eaton & McGuire, and in Stanton by Hardwick & Co. where it is being fully explained daily.

WILDCATS IN PERRY

Squire John Jent and his sons, of Carra Fork, Perry county, recently went coon hunting and their dogs treed two animals in a small scraggy tree. After shooting them both Mr. Jent was surprised to find that they were both wildcats. It is very unusual to find two wildcats in one tree, and it is a long time since any were found in Perry county.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

We hope all the good citizens of Powell county will petition our representative, Hon. E. B. McGlone, to take his stand firmly against whisky; and to vote against the murder juice every time it comes up. And I think if all Kentucky could have witnessed what this community did last Saturday between Dundee and Nada, and could know what whisky will cause married men, old men, young men and even young boys—children, you might say,—to do. It would surely awaken them to their duty. From what Constable Ashley is doing, some of them will be ashamed before next grand jury. We congratulate Mr. Ashley on his stand and every good citizen is backing him. And would to God all our officers would do their duty. A few staunch men standing firm would soon rid our community of such disgrace.
